1. Introduction

Australian National Working Equitation Ltd (ANWEL) acknowledges that the sport of working equitation, like many other sports, is not immune from the risks issues that jeopardise the integrity of the sport.

ANWEL, therefore, seeks to take a proactive approach to mitigate these integrity risks and provide a safe, fair and inclusive environment for all participants at all levels of the sport. ANWEL’s National Integrity Framework (Framework) is the umbrella policy that sets out ANWEL’s national integrity framework and requirements for ethical behaviour.

The Framework will be adopted in full by each ANWEL affiliated State Association and Club and it applies to all competitions and events.

This Framework is a comprehensive response to risks to the integrity of working equitation.

The Framework:

- incorporates values and principles that should guide the conduct of participants, clubs, competitions and events
- promotes the development and implementation of clear education and communication strategies
- outlines a policy framework that provides for a safe, fair and inclusive environment in which our sport can be conducted

- coordinates robust reporting, investigation, hearing and sanctioning processes to deal with prohibited/improper Conduct and other matters covered by this Framework.

It ensures that timely action will be taken in response to those that breach the Framework and continue to improve the culture within the sport.
